

POSITION FOR DEPUTY RESPONSIBLE PHARMACIST

Start-up Italian Pharmaceutical Company in Cape Town requires a SAPC-registered pharmacist with Regulatory experience to be their Deputy Responsible Pharmacist.

- Some QA experience will be an advantage as the position supports the QA activities of the Company.
- The position will suit a consultant or locum pharmacist who wishes to supplement their income until product registration is achieved.
- After registration the requirements of the position will increase
- Duties will include e.g.
 - office and home based familiarisation with the current SOPs and the product dossier,
 - writing some applicable SOPs e.g. product advertising
 - working on the amendments to the dossier that will be required by SAHPRA as part of the product registration process,
 - other duties supporting the pharmaceutical aspects of the business.
- Earning is based on an hourly rate.
